I wanted to drop you a line to say a HUGE thank you for your assistance with our project in Halifax. It is no understatement to say that without the generosity of people like you we really couldn't have done the job and we can't thank you enough.

I have spoken to Michelle and the family a number of times since the reveal day and they are still overwhelmed by it all. They are truly delighted with their new home. They are now living in a house that is safe and warm and much more suitable for Joshua's needs, meaning they can focus more on family life. Danielle loves her new room, and nearly always has friends over and Joshua is happy and comfortable in his new space. Michelle says the house is now much calmer and they look forward to spending their time at home together. The part you played in the transformation was integral to its success.

I have received a really lovely letter from the family which is attached. Suffice to say they are incredibly grateful, and the time and expertise you donated has made a genuine and lasting difference to their lives.

We will be in touch as soon as we hear what date this episode will be broadcast, but in the meantime on behalf of the entire DIY SOS team, thank you.

With all the very best wishes,

Nina Kitajewski
